ABOUT

I've been behind the camera since I was 10, making films and telling stories any way I could. Hi, my name is Vitaly Bokser, a New York-based Cinematographer with 14 feature films, numerous documentaries and commercials, and a wide range of TV credits. I'm a collaborative partner on set—creative, reliable, and always focused on bringing the director's vision to life. If you're looking for someone who brings both artistry and teamwork, let's connect.
